

Bosch innovation.

The world's fastest candy wrapping machine brings sheer delight.

Bosch innovation. BVK2000A, developed by Bosch, achieves a speed of up to 2000 packs per minute. All leading confectionery brands with 'pillow packaging' depend on Bosch for packaging accuracy.

Besides bringing to the shelf packaged foods like snacks, candies, milk powder and salt, Bosch develops packaging for pharmaceuticals and chemicals. Because when it's Bosch you can be sure. www.boschindia.com
