The Government of Rajasthan, Labour Department, vide its Order No. F.1(8)()Bosch Ltd/IR/Labour/14230-38, Jaipur, dated December 5, 2008 has prohibited the strike of work started by Mico Bosch Labour Union and has ordered all the striking employees to report for work immediately. The Order has been issued as per sub section 3 of Section 10 of the Industrial Disputes Act, 1947.

The Mico Bosch Labour Union has been on an indefinite strike at the Jaipur Plant since November 10, 2008, which has caused a colossal revenue loss to the company and the Government.

The company management held series of meetings with the Labour Union representatives in the presence of the Joint Labour Commissioner, Government of Rajasthan. Even after many conciliatory meetings, the Union representatives showed reluctance to cooperate for an amicable solution and held on to their demands. The Union members also resorted to violent means to prevent movement of vehicles to the Plant and scuttle the production process. The call for an indefinite strike by the MBL Union comes at a time when the Automobile Industry is going through a very bad phase and the market demand has been on a continuous decline.

The Bosch Group is one of the top 25 reputed companies in the world. The employees of Bosch in all its locations are paid above average salaries compared to others in the locality. The employees at Jaipur Plant are paid wages as per a four year wage agreement with the Union which is valid till 31.05.09.

In view of the above the company once again requests all its striking employees of Jaipur plant to call off the strike and join their duties immediately.
