07 May 2017

Dear Sirs,

**Ref: Reg. 30 of SEBI (Listing Regulations and Disclosure Requirements) Regulations, 2015
Sub.: Public Notice issued by Karnataka State Pollution Control Board (KSPCB).**

We refer to our letter dated May 6, 2017, vide which we informed about the Public Notification dated 05.05.2017 issued by KSPCB directing forthwith closure of all industrial units within the catchment area of Bellandur Lake, Bengaluru and discharging their effluent in the lake body.

The Company having regard to the highest standards it observes with respect to environment protection and legality, has been operating at all its facilities in accordance with prescribed environmental norms. However, as a matter of abundant caution and to be in adherence with law decided to temporarily halt its operations at the Adugodi, Bengaluru facilities effective May 6, 2017.

Subsequently, the Company made a representation to the pollution control board authorities who have clarified that the provisions of the above referred Public Notification dated 05.05.2017 are not applicable to the aforesaid Company's facilities. In view of the same, the normal operations at the facilities will resume with effect from May 8, 2017.

The Company does not foresee any financial impact or turnover loss on account of this temporary closure.

Yours sincerely,

For Bosch Limited

Company Secretary
